

My Year Two

Holiday Challenges

Welcome to the
beginning of your
journey in Year Two.

We are really looking forward to
continuing our learning adventures with
you!

Please have a go at the activities in this
booklet. If you would like a few more
holiday activity ideas, please visit: [https://
www.berkswichceprimary.co.uk/how-can-i-
help-my-child-at-home/](https://www.berkswichceprimary.co.uk/how-can-i-help-my-child-at-home/).

We look forward to seeing you and your
Summer Learning in September. Have a
restful and fun break!

Mrs Rae and Mrs Maude

Number Bonds

What are the number bonds to ten? These are two
numbers that add to make ten.

Can you create an exciting game to help you to
learn and then recall these number facts? Try and
make it as active as possible and practise playing
it with friends and family members. Learning is
best when it is fun!

Can this game then help you to learn the number
bonds to twenty?

You will be given the opportunity to share your
game with your friends in class. Maybe someone
will even play your game at home!

Marvellous Makers!

This year's Summer Reading Challenge will be about getting CREATIVE. Music, junk-modelling, photography, dancing, story -writing...the possibilities are endless.

You'll discover fantastic new books, unlock rewards along the way, and achieve something amazing this summer. Each book has been specially chosen by an expert group of readers. Many of these titles are also available for you - for free - through your local library service.

You can take part either at the library or online:

➔ At the library: the library will give you a **special collector folder**, **stickers**, and other special **encouragement**, and help you find books to read for your challenge. Books may be borrowed in one visit, if you do not have the time to return each week.

➔ Online: visit summerreadingchallenge.org.uk or sign up at: <https://summerreadingchallenge.org.uk/signing-in-src>. Online, you can set goals and log your books on your profile. When you reach your goal, you will unlock a **virtual badge** and **certificate**. Please note that the library and online challenges are separate. Medals and certificates are only available via the library.

This is the iconic poster for the Paris Olympics and Paralympics in 2024; it was revealed in the Musée d'Orsay earlier on in the year. It is designed to illustrate what The Games represent.

Look at the poster:

- ➔ What symbols of the Olympics can you see?
- ➔ What symbols of Paris 2024 can you see?
- ➔ What iconic elements can you see that represent Paris and France?
- ➔ How many sports can you see represented?

Make sure that you watch the Olympics from the 26th July!

What new sports can you take part in during the summer holiday? Have a look at the Olympic sport list for some inspiration: <https://olympics.com/en/paris-2024/sports>.

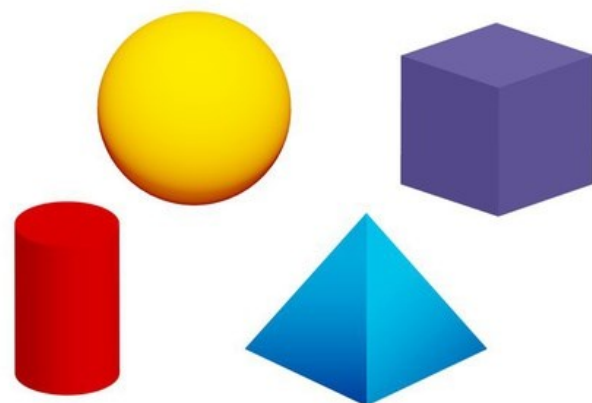

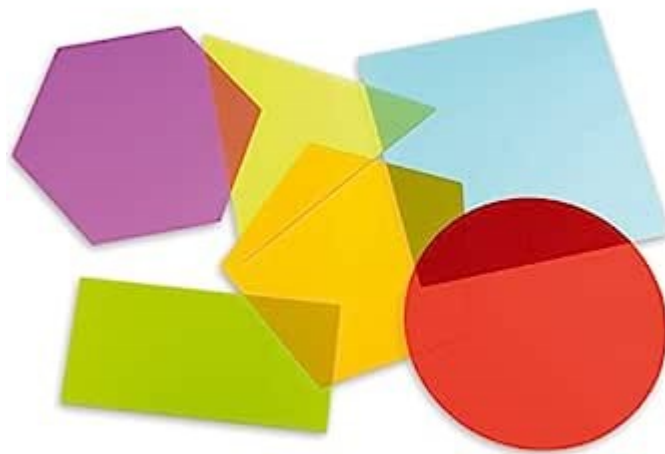

When you return in September, bring in your certificate (or note from a family member to show that you've completed the challenge) and your reading will be celebrated by Mrs Joint through your achievement card.

Shapes Everywhere!

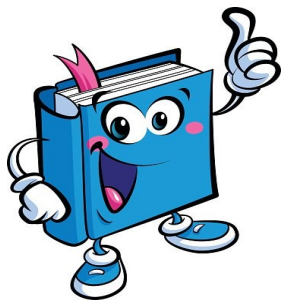

Shapes can be found everywhere! How many 2D and 3D shapes can you find during your 6 week break? If you find a shape, can you name each of them?

Make sure to take a picture of each shape that you find or take a picture instead.

Letter-join

In school, we use the resource called **Letter-join** for our handwriting. Over the holiday, we would like you to practice and check your pencil-grip. Visit <https://berkswich-ce-vc-primary-school.secure-primariesite.net/handy-handwriting-help/> for our top tips and helpful pencil-grip videos.

There is parent and child access to Letter-join:

Website: <https://www.letterjoin.co.uk/log-in.html>

User name: dwl277

PC password: home

Tablet password/swipecode on the app: A capital L starting top-left

Letter-join

-  Info

After selecting the correct class, choose an option from the menu. The **B!5** and **Wow** sections are very useful.

- ➡ Can you repeat a letter that you find tricky?
- ➡ Are you starting each letter in the correct place?
- ➡ Can you write the capital letters for each letter of the alphabet? Watch the videos to check that you are starting each stroke in the correct place.
- ➡ Check that all of your letters are on the line and your words are spaced with small finger spaces.

Use a pencil and paper to try out a letter or word again and again. Writing on screen is great, but practice with a pencil is very important. Have a look back at your tries from the beginning of the holiday to see how much you have improved!

Super Spelling!

Do you always remember to use a capital letter for days of the week? Are all of your little letters the same height? Have a go at your lovely handwriting, ready for your books in September. Trace the word in grey, before having a few goes yourself.

Weekdays and Weekends

Please write the poem onto the lines below. Use **Letter-join** to help you to try out tricky letters first. Use the extra lines to repeat difficult parts.

Weekdays and Weekends

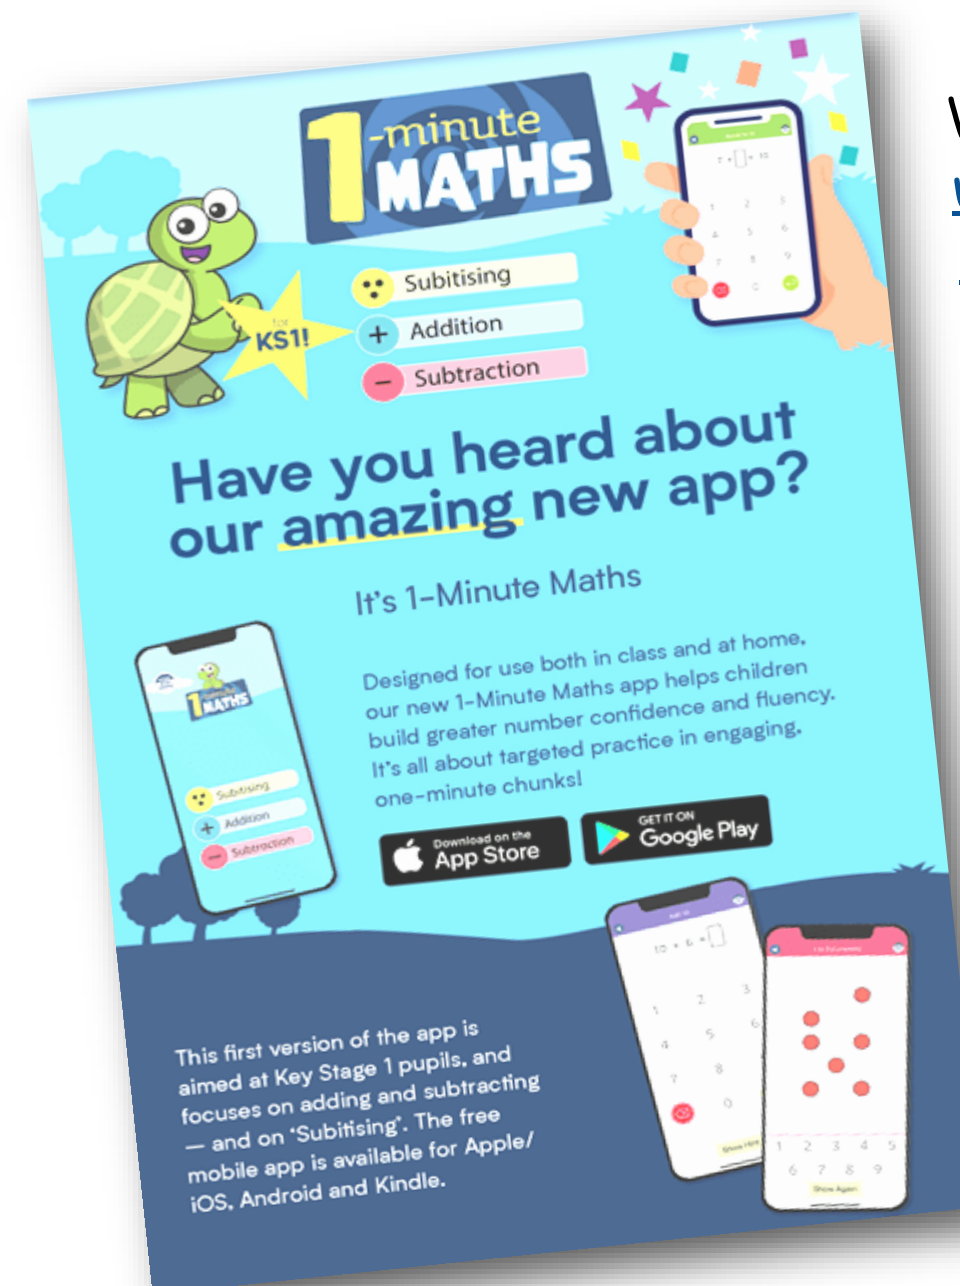

Weekdays start on Monday,
When I go to school,
And continue Tuesday, Wednesday,
Thursday, Friday too.
But after five days working,
The next two I will spend,
Spending time with family,
Enjoying my weekend.

Handwriting practice lines for the poem, consisting of 10 sets of three horizontal lines (top, middle, and bottom) for writing.

Just One Minute a Day Online or on the App...

White Rose is one of the maths resources that we draw from in school. Many children have been using the one minute maths app at home. They continue to update this, adding features.

Visit <https://whiteroseeducation.com/1-minute-maths> for more information, to download a printable record chart or a certificate.

We can't tell you how much a minute a day supports maths fluency and confidence in class!
