

You can receive emails when your child takes Accelerated Reader quizzes. Each email will show you the score for the activity that your child completed.

This guide has been produced by AR.

Emails about your child's work will come from autodelivery@renlearnrp.com; please make sure this email address is exempted from junk or spam email filters.

Follow the steps below to set up email updates. You may add up to six email addresses per student.

How to Get to the Page

1. There are two ways to get to the email updates page.
 - Have your child log in to Renaissance from home. Then, select **Get Email Updates** on the student Home page.

- Your school has given you access to Renaissance Home Connect, so now go to the address provided, enter the user name and password, and select **Log In**. Then, select **Get Email Updates** at the top of the page.

If you have more than one child using the software, you must log in separately with each child's user name and password and set up your email preferences for that child.

How to Add a New Email

1. If this is the first email address you are adding, go to step 2.

If you have already entered other email addresses, make sure **Add a New Email Notification** is selected at the top of the page.

3. Under Email Notifications Preferences, tick the boxes for the activities that you would like to receive updates about. The activities that you can tick depend on the software that your school has and the emails that the school has chosen to allow. The choices that you make apply to the email address that you are adding.
- **Star Reading assessments** are short tests that provide teachers with learning data. Star tests are computer-adaptive, which means they adjust to each answer your child provides. This helps teachers get the best data to help your child in the shortest amount of testing time (about one-third of the time other tests take). Star tests may be available for early literacy, maths, or reading.

- **Accelerated Reader** quizzes show how well students understand the books they are reading. Students take quizzes on books they have chosen.

Email Notifications Preferences

Choose which assignments you would like to receive email updates for **Charlotte Chapman**.

- ☒ Star Early Literacy Assessment (English) — A test that measures students' early literacy skills in English
- ☒ Star Math Assessment (English) — A test that measures students' math skills in English
- ☒ Star Reading Assessment (English) — A test that measures students' reading skills in English
- ☒ Accelerated Reader — Quizzes to show how well students understand the books they're reading

4. When you have finished, select **Submit**.
5. A message will tell you that a verification email has been sent. Click **OK** in the message.
6. When you receive the verification email, click **Verify Email Address** in the email to verify your email address. You will be taken to the Email Verified page to confirm that this has been done. **Note:** The verification email is only sent once; if you need a new verification email, unsubscribe as described below; then, add your email below.

The next time you go to Renaissance Home Connect, you will see your email address listed in a table at the top of the Email Notifications page. You can repeat these steps to add up to six total email addresses, all of which would be listed in the table. The table shows you which email addresses have been verified; only those addresses will receive emails.
